It is the applicant's responsibility to ensure that all application materials including recommendation letters are submitted by the closing date. Complete applications will be acknowledged.

Selection Process

All eligible applications will be considered by the Centre's Visiting Fellowships Selection Commission, through screening, shortlisting and selection stages. This can take some time and the patience of applicants whilst this process completes is requested. As a guide outcomes are generally notified by early February.

The criteria for selection of Research Fellows are:

- ❖ evidence of academic excellence including quality of publications
- ❖ relevance of the proposed research to the overall aims of the Centre
- ❖ relevance of the proposed research to the current academic research priorities of the Centre
- ❖ potential to contribute to and benefit from interdisciplinary interaction with other Centre Fellows and/or Visiting Fellows

At the shortlisting stage applicants may be contacted to verify that they are still interested in pursuing their application and that they have the financial means to take up their award if selected.

All applicants will be contacted with an outcome:

- ❖ A notification that award has been offered
- ❖ A notification that no award has been offered.

Please note that the failure to award a research fellowship does not necessarily reflect on the deemed quality of the application and therefore the Center does not routinely provide feedback on applications. There is a limited number of available spaces at the Centre and the criteria above may mean that one high quality application is favored above another.
